## SOLIDARITY MESSAGE TO NEHAWU NATIONAL CONGRESS

The leadership and membership of Botswana Land Boards Local Authorities and Health Workers (BLLAHWU) proffer fraternal salutations and solidarity message to leadership and entire membership of NEHAWU on your hosting of 12th National Congress of 3rd - 6th November 2021. The pronounced and considerable relationship between BLLAHWU and NEHAWU is legendary and hinged on united efforts for economic liberation and empowerment of workers in Southern African and the rest of the world. The two militant, radical and revolutionary organisations enjoy this relationship at bilateral level (a memorandum of understanding has been signed) and at the level of World Federation of Trade Unions.

We note that your theme is “strengthening workplace organisation to defend collective bargaining, deepen class consciousness and advance internationalism” and this is essentially cardinal and pertinent in that collective bargaining ensures that the voice of workers is guaranteed in matters of their welfare and conditions of their service. Class consciousness is important in pursuit of working class agenda to bring radical social changes, while internationalism ensures the unity of the working class at international level, giving credence to the clarion call made by Karl Marx that “workers of the world unite, you have nothing to lose but your chains”

Brothers and sisters, comrades the struggle continues and we shall overcome.

Yours in Solidarity Justice & Prosperity

  
KETLHAFILE MOTSHEGWA  
SECRETARY GENERAL
